

Dane County CJC - a National CJCC member

Reflections on the NCJCC national meeting-June 2023
Colleen Clark-Bernhardt

NCJCC Mission and Dane County benefits

Mission

The Network provides a platform for advocacy and a national voice for counties and criminal justice practitioners that supports systemic, transformational reform in the justice system and promotes fiscally-responsible decision making. Specifically, the Network's role:

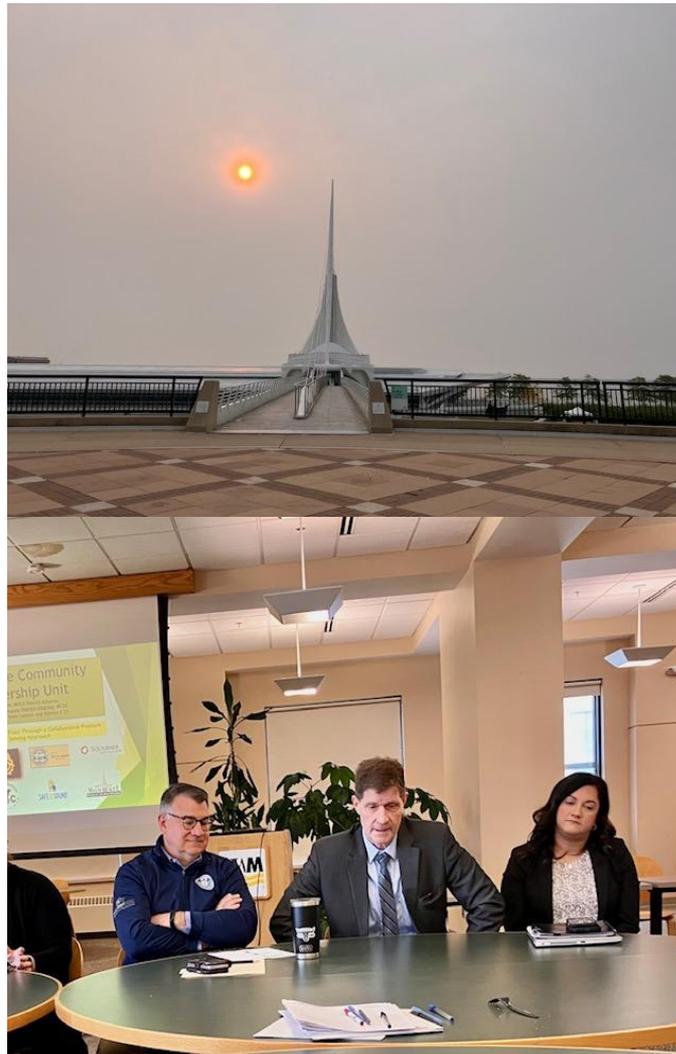

- Create a venue for identifying and unpacking the most pressing public safety challenges facing local justice systems;
 - Develop, implement, and assess new strategic approaches for addressing justice system problems; and
 - Construct and maintain a data collaborative for ongoing assessment and data-driven justice system planning.
- 

NCJCC-Best Practice Sites from around the United States

National Leaders-local context

National leaders including the Community Prosecution team from Milwaukee County (Chisholm et al), Judge Ashley, and others convene around areas of improvement in the criminal justice system and current challenges

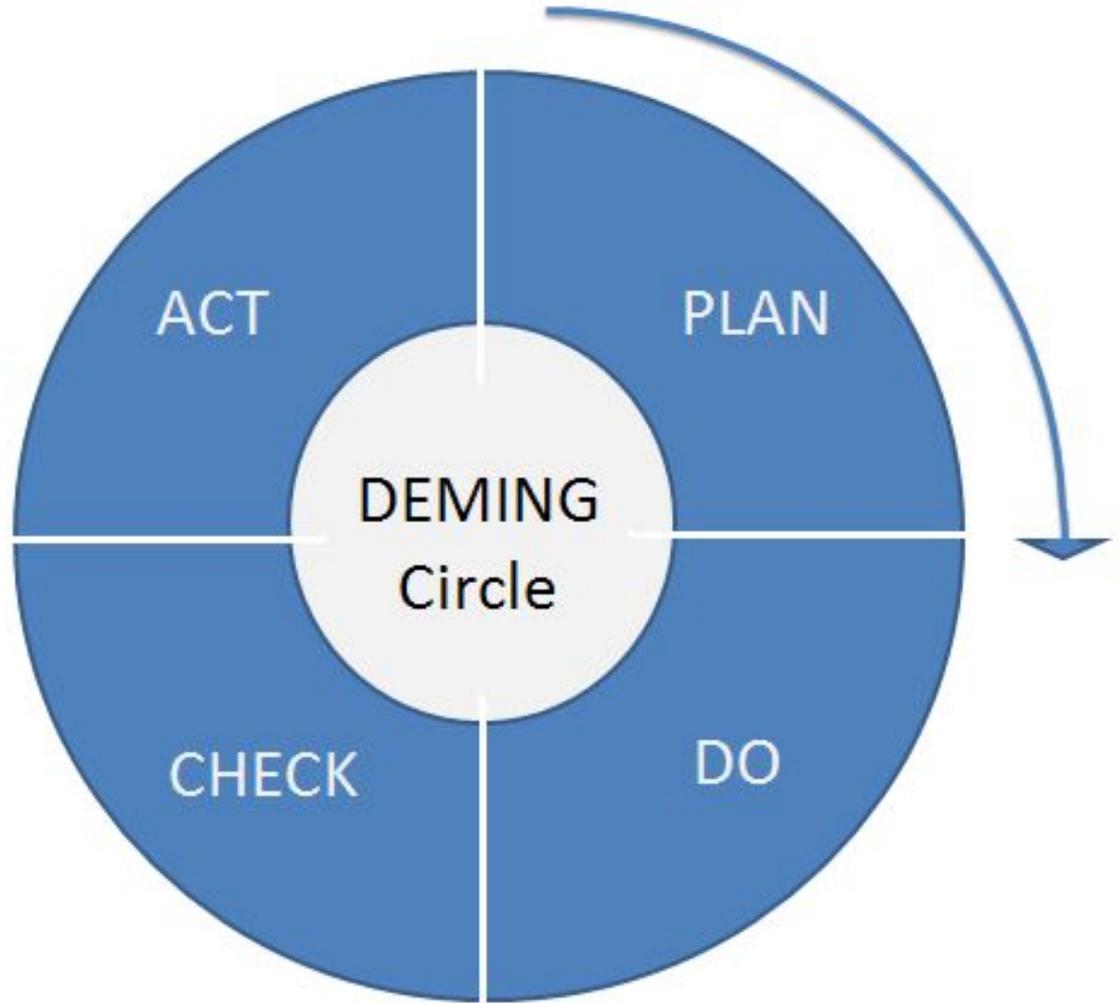

40

Councils from across the country represent the best practicing sites. This is a small percentage of the coordinating councils across the country and Dane County has been a noted proven leader.
