

# Dane County Crisis Community of Care Services Triage Center

## What It Is

A new facility to divert those experiencing a mental health crisis to the least restrictive environment

Filling a gap in the current community of care

A facility that stabilizes those experiencing an acute mental health crisis

A solution designed with racial equity up front and data driven results

Service that allows police to drop off as well as residents to self-refer

## What It Is NOT

A replacement for Winnebago Mental Health Institute or emergency room care

Replicating current services

A Psychiatric Hospital

Business as usual

A space that has many hoops to jump through, is unwelcoming, & difficult to access services
